Dear Sir:

AMENDMENT

Responsive to the Office Action mailed September 18, 1996, please amend the above-identified application as follows:

In the Specification:

Page 19, line 4;

After "patent" insert -- 5,443,673, issued August 22, 1995 --.

In the Claims:

1. (Amended) A vehicular window assembly suitable for use in a vehicle, said window assembly comprising:

a glass panel;

[an] a load-bearing attachment member; and

a layer of a rapid set, rapid cure, two-component urethane adhesive disposed between said glass panel and said attachment member, said layer of adhesive cured to form a joint suitable for use on a vehicle;

wherein said rapid set characteristic is such that said adhesive achieves a set within a time period of about 3 minutes or less from the time of initial disposition of said adhesive between said glass panel and said attachment member, and wherein said
